## WELLNESS CUSTOM LINE

Per realizzare un ambiente capace di esprimere la vera essenza del benessere occorre partire da due elementi: una solida tecnologia e un'accurata resa estetica. Grazie a esperienze e competenze specializzate - ingegneria, termoidraulica, elettrotecnica, elettronica e interior design - e alla gestione diretta di ogni fase del lavoro (progettazione, costruzione e messa in opera), noi di Ki LIFE siamo in grado di offrire prodotti di altissimo livello tecnologico e sempre personalizzabili. Ogni soluzione presentata è ideata e ingegnerizzata su misura per ogni tipologia d'installazione o destinazione d'uso. Ogni nostro lavoro è la risposta a un bisogno. Perché l'ascolto e la voglia di dare il massimo sono i valori che ci guidano ogni giorno.

Two are the key elements to create a complete wellness experience: technology and careful interior decoration. Ki LIFE makes customizable and high level technological products, thanks to its experience, specialized expertise on engineering, thermohydraulics, electronics, interior design and the direct management of design, construction and installation. Each solution presented is designed and engineered to be customizable.

Deux sont les éléments clés pour créer une expérience de bien être complet: la technologie et la décoration intérieure soignée. Ki LIFE fabrique des produits technologiques personnalisables de haut niveau, grâce à son expérience en ingénierie, thermohydraulique, électronique, design intérieur et grâce à la gestion directe de la conception, la réalisation et l'installation. Chaque solution présentée est conçue et fabriquée pour être personnalisable.

## KI LIFE

Da oltre 10 anni realizziamo ambientazioni e prodotti dedicati al mondo del benessere: belli fuori e sicuri dentro.
